

Kittipos Sirivongrungson

Curriculum Vitae

 Lightbridge-KS
 kittipos.sir@gmail.com
 0000-0003-3075-5159

Work Experience

- 2022 – Present **Residency trainee**, *Department of Diagnostic and Therapeutic Radiology*, Faculty of Medicine Ramathibodi Hospital, Mahidol University
- 2020 – 2022 **Internship**, *Department of Physiology*, Faculty of Medicine Siriraj Hospital, Mahidol University
- 2019 – 2020 **Internship**, *Phra Nang Klao Hospital*, Nonthaburi

Professional Education

- 2013 – 2018 **Doctor of Medicine** (second-class honor), Faculty of Medicine Ramathibodi Hospital, Mahidol University
- 2010 - 2012 **Triamudom Saksa School** (pathumwan), Bangkok

Application Projects

Radiology

- **TIRADS Calculator**: Calculator for Thyroid Imaging Reporting & Data System [1]
- **DesignCTER**: Generate CT protocols template in emergency department [2]
- **Lung Cancer Staging ChatBot**: LLM-powered chatbot for staging lung cancer [3]
- **AWC**: Calculate adrenal percentage washout in multiphase CT [4]

Physiology

- **Harvard Spirometer Tracing Simulator**: Simulate Harvard Spirometer tracing from mathematical model [5]

Python Package Projects

Radiology

- **RadReportParser**: Parse and extract key sections from radiology reports text [6]

R Package Projects

General

- **thaipdf**: R Markdown to PDF in Thai language (CRAN) [7]

Education

- **moodleStats**: Perform quiz and item analysis on Moodle Grades Report [8]
- **moodleQuiz**: Combine and manipulate Moodle Quiz Report for grading [9]
- **zoomclass**: Analyze Zoom's participants report and chat file [10]
- **rslab**: Calculate various respiratory physiology parameters [11]

Research

- **labChartHRV**: Import and manipulate LabChart's Heart Rate Variability Data [12]

Additional Training

Data Science

- **Statistical Learning by StanfordOnline** (edX) — **Certificate**
- **Advanced R Programming by Johns Hopkins University** (Coursera) — **Certificate**
- **Data Analysis with R Programming by Google** (Coursera) — **Certificate**
- **Short course** by DeepLearning.AI
 - LangChain for LLM Application Development — **Certificate**
 - LangChain Chat with Your Data — **Certificate**

Others

- **Cell and molecular biology course for postgraduate students** (Mahidol university)

Further skills

	Skill	Level	Comment
Computer languages	R		Advanced proficiency across data analysis, statistics/ML, R package development, and Shiny web applications
	Python		Intermediate proficiency with expanding knowledge in data science, AI, and application development
	JS / HTML / CSS		Foundational knowledge of web development technologies and interactive content creation
	Flutter / Dart		Beginner exploring cross-platform application development capabilities
	Julia		Basic understanding of syntax
	LaTeX / Typst		For presentations, reports, and CV
Software	VS code		Regularly used for software development and data analysis projects
	RStudio		Power user with extensive experience in R workflow and analysis
	Quarto / Jupyter		Literate Programming: used as tools for reproducible & explainable reports
	Git / GitHub		Proficient in version control, collaborative workflows, and CI/CD implementation

	Skill	Level	Comment
Languages	Office		Longstanding experience (Win/MacOS)
	English		Professional working proficiency in reading, writing, and listening (IELTS Academic score: 7.0)
		basic knowledge intermediate knowledge	extensive knowledge expert knowledge
